### Who We Are

**Stellar Associates** is a Bangladeshi development consulting firm established by five experienced development professionals with extensive backgrounds in democracy, governance, humanitarian and emergency assistance, labor rights, inclusive development, civic engagement, and private sector collaboration. With decades of combined experience working with USAID, international donors, government agencies, CSOs, and global private sector platforms, the Stellar team brings a unique blend of programmatic expertise, strategic advisory capacity, and operational excellence.

A multidisciplinary team of five partners with higher degrees from Bangladesh and abroad and extensive experience working with USAID, UN, international donors, diplomatic missions, government ministries, industry associations (BGMEA, BKMEA, FBCCI, AmCham), and civil society organizations.

Positioned at the intersection of **policy, practice, and innovation**, Stellar Associates aims to advance evidence-based, inclusive, and sustainable solutions to Bangladesh's development challenges. The firm specializes in transforming insights into actionable strategies, delivering high-quality research, program design, capacity building, and implementation support tailored to the needs of diverse stakeholders.

Stellar is committed to being a platform for **technology-savvy, gender-responsive, rights-sensitive, and environmentally conscious** professionals dedicated to accelerating positive social change.

### Our Vision

To become Bangladesh's leading home-grown development consultancy firm that drives democratic governance, human rights, and inclusive socio-economic progress by connecting global standards with local expertise.

### Our Mission

To support government, civil society, private sector, and development partners through high-quality research, strategic advisory, program implementation support, and capacity-building services that promote accountability, inclusion, and sustainable development.

### Core Values

- **Integrity & Accountability:** We commit to ethical, transparent, and responsible practices.
- **Inclusion:** We advocate for the participation of women, youth, disadvantaged, and marginalized communities.
- **Innovation:** We integrate digital tools, evidence, and modern methodologies into development solutions.
- **Collaboration:** We build partnerships founded on trust and shared learning.
- **Quality & Professionalism:** We deliver reliable, timely, and results-oriented services.

## **Areas of Expertise**

- Democracy and governance
- Political and electoral processes
- Human rights and civic engagement
- Humanitarian and emergency assistance
- Labor rights, worker well-being, and social compliance
- Youth, gender, child safeguard, and disability inclusion
- Education and livelihoods
- Digital citizenship and digital safety
- Private sector engagement (PSE) and CSR
- Media engagement, communications, and advocacy

## **Services We Provide**

### **Technical & Strategic Services**

- Program design: concept notes, proposals, theories of change
- Monitoring, evaluation, and learning
- Performance and evaluation reports
- Research: baseline, midline, endline, sectoral analyses
- Assessments: political economy, compliance, risk, quality
- Key Informant Interviews (KIIs), Focus Group Discussions (FGDs), surveys, literature reviews
- Advocacy and policy brief development
- Technical advisory on governance, rights, inclusion, and Protection from Sexual Exploitation, Abuse and Sexual Harassment (PSEAH).

### **Capacity Building & Training**

- Tailored training modules
- Leadership development for youth, workers, and women
- Digital literacy and safety (school & worker-friendly versions)
- Organizational development support for CSOs, networks, and factories

### **Operational & Logistical Support**

- Stakeholder coordination
- Meeting, workshop, and event management
- On-the-ground travel, field visit, and interpretation support
- Media communication and visibility support
- End-to-end handling for donors and delegations visiting Bangladesh

Collectively, the team has shaped policy dialogues, managed multi-million-dollar portfolios, supervised implementing partners, built the capacity of local NGOs, and delivered high-impact programs at national and grassroots levels.
